NIKON.....COOLPIX L120 Black

Great photos and superb HD movies begin with Nikon's high power 21x wide-angle optical Zoom-NIKKOR glass lens. This powerful zoom lens, with a 25-525mm range equivalent, closes the distance between you and your subjects. Capture your son firing off the game-winning lacrosse shot or your daughter's first ride on a two-wheeler. Whether it's a panoramic shot of the entire family on a favorite sledding hill, or a photo of your children playing in the backyard, you'll shoot effortlessly and accurately with the COOLPIX L120.

Polk Audio Sound Bar

The Absolute Easiest Way To Improve Your Flat Panel TV's Sound With A Single Speaker System. We allow our flat panel TV's. They've taken our viewing experience to a new level, brought the game closer, taken us for an exciting visual roller coaster ride. But guess what? None of us is getting the whole picture. Because the fact is we watch a movie with our ears, too. View your favorite film, play a video game, relax with our default TV show, but do it with the sound off. The excitement, the thrills, being caught up in the moment just aren't there. Ok, turn your TV speakers back on. Quite frankly, the sound that comes out of all those beautiful flat screens is pretty thin. But hear the sleek, lightweight SurroundBar 3000 Instant Home Theater (iHT), and your entire viewing experience comes alive.
